Bakthi and Selfless Love:

Service to God through Devotion or Bakthi has four layers :

- 1. Devotion or Seva with the Wealth - Charity**
- 2. Devotion through Bodily physical service**
- 3. Devotion through mind (Manasi Seva)**
- 4. Atma Samarpan or devotion from the soul level.**

All these layers can be progressive or simultaneous depending on the status of a devotee.

Ultimate goal of a devotee is to make the beloved God Happy through selfless Love.

In this Human Life there are only three types of Love namely:

- 1. Lust (Harmful love) only involving taking from the world or others.**
- 2. Business Love (giving and taking)**
- 3. Selfless Love or simply Love - only giving.**

We all should get rid of Lust first, and then Business and retain only Selfless love which is only giving and it is Divinity's true form.

This is the essence of Devotion.

GF Blessings. Om Tat Sat.
