Guruji's 4 Ps for Enlightenment

As per Scriptures you should possess 4-Ps to realise God if put in simple language. Each P is equally important to know, love and converse with God moment to moment.

This method gives the Power through Practice of Presence of God in every moment.

The 4-Ps

1st P - Purity in terms of our thoughts, words and actions

2nd P- Perseverance

3rd P - Patience till your Practice reaches perfection

4th P - Prayer which we normally do without the other 3 Ps.

Let us by the Grace of GF practice this teaching to realise the Supreme Lord in our Heart. Moment to moment conversation With the Lord is possible if we practice to consciously live in the present with 4 Ps accepting his Grace as Prashad.

Assiduousness (Constant Practice to perfection) and Imperturbability (unshakable calmness and dispassion) are the keys to achieve the infinite Compassion of the Almighty God. He can provide for what you lack and can preserve what you have by this process.

Stop complaining. Thank God for what he has already given.

GF Blessings. Om Tat Sat.
