### **Why sometimes Prayer to GOD is aborted or unanswered?**

As per scriptures the following are 10 reasons:

1. Prayers may not be answered if we lack absolute faith in GOD, Guru and Scriptures
2. Prayers may be aborted when our request to God is not aligned with God's will
3. Prayers may be rejected when we give prescriptions to GOD regarding how he should answer our prayers.
4. Prayers may be aborted when we have hatred against someone who is also GOD's own child
5. Prayers may not be answered when we have no unconditional absolute faith, devotion or surrender.
6. Prayers may be aborted when we are not assisting GOD by our perseverance or self-efforts
7. Prayers may not be answered when we commit crimes or sins on the assumption of strength of our devotion (or surrender).
8. Prayers may be aborted if they are performed for fulfilling our inner lust, illusions or fantasies.
9. Prayers may be aborted if we have harmful or selfish goals.
10. Prayers may be aborted if we are proud about our devotion or surrender to GOD.

You have the right or privilege to cry but not to grumble.
